INTERNSHIP EXPERIENCE

Front-End Developer | Route, Cairo, Egypt July 2022 – December 2022

Route is an Egyptian IT-Training Center founded in 2012.
- Create responsive designs for mobile webpages and developed prototypes for web development projects.
- Work to solve complex challenges with the utilization of modern web pages development processes.
- Worked with teams to solve issues and find and implement efficiencies.
- Ensured the technology implemented promoted efficiency, speed, and smooth functionality.
- Coordinate with a team of students to develop user interfaces using HTML, CSS, JavaScript and Angular.
